

ART CHAIRS

Old chairs need new life. Guemes Island Art Initiative has asked island artists to help transform an old chair into a new work of functional public art.

Carol Steffy

Leo Osborne

Kate Taylor

Guemes Island Community Center Association (GICCA) has a supply of metal folding chairs that were retired but not forgotten. These are intended for public seating at various outdoor special events. Each of these chairs is destined to become a unique canvas as artists create an **ART CHAIR**.

Celebrate Guemes is the roll out event for these fabulous **ART CHAIRS**. After the event they will go into storage and appear periodically at other outdoor public events. Rumor has it that a new group will roll out on July 4!

How does an artist "adopt" a chair?

1. Upon request, we will introduce you to an unpainted chair. *(Just one for now)*
2. You create a unique, family friendly, **ART CHAIR** ... clean it, sand it, spray paint, acrylic paint, laminations, etc... and finish with your signature and a final clear coat.
3. GICCA will collect and store these **ART CHAIRS** for future events.
4. Photos of the **ART CHAIRS** will be featured at "GuemesIslandArt.Org" in June. Check it out!
